## CUISINE AT ITS BEST

Many hotels offer fine dining, but few residences can offer world-class cuisine. And only Trump International boasts the presence of a culinary superstar. At his new signature restaurant *Jean Georges* and at the casually elegant *La Nougatine*, celebrated chef Jean-Georges Vongerichten builds upon his accomplishments at *Vong* and *Jojo*, which have earned him his place in the ranks of the world's great chefs. In both rooms, premier restaurant designer Adam Tihany has created distinctive dining environments for you and your guests.

As a resident of Trump International Hotel & Tower, you can arrange for private catering from *Jean Georges* and *La Nougatine*, served by the exceptional staff in the comfort of your own home. Meals can be ordered directly from the restaurant's menus, or a personalized menu can be created for you by the chef himself.

## A LANDMARK ACHIEVEMENT

Trump International Hotel & Tower is more than a landmark address. It is the milestone achievement of three of the most respected names in luxury property development. The Trump Organization, The Galbreath Company and General Electric Pension Trust have all contributed their unique capabilities and unparalleled resources to the creation of a new residence in a class all its own. Trump International Hotel & Tower provides an entirely new level of hospitality and opulence befitting its coveted location at One Central Park West. The most important new address in the world.
